The Madness has begun!

Just one more month and you too will experience Mecha Madness! As you know by now, Spaz was unable to team-up with Harvo for the Knuckles mini-series, but luckily Art Mawhinney's pencil flair stepped in to save the day. Thanks, Art! Even with the mini-series delayed until April, Spaz's schedule wouldn't have allowed him to pencil the top-quality art he wanted to do. Instead he passed it over to pencil something he could do! And that something is... **MECHA MADNESS!**

It starts here next month in **SONIC #39** and continues into **SONIC & KNUCKLES: MECHA MADNESS SPECIAL #1**. Both issues are shipping in July. Both stories are beautifully penciled by Patrick Spaziante while Brian Thomas and Harvo split up the inking chores. You won't be disappointed!

Because many of you demanded it, the special also includes solo stories featuring the "Forty Fathom Freedom Fighters" and "The Chaotix!" How's that for Sega- excitement?

Freddy

Dear Sonic-Gramps,

Yes! An entire mini-series by Spac and Harvot! I'm actually glad you delayed the Knuckles mini-series until April. I'm also thumbs up for another Tails' series and for his own comic! However, Knuckles should have his own series!

Issues #31 & #32 were really good! In #31, I expected Sonic and St. John to get into a big fight! I mean, who does Geoffrey think he is? Doesn't he know that Sally is with Sonic? One more note on #31. I wonder if Sonic will start going out with Amy Rose or Bunnie or whoever is to go back at Sally? To answer your question, I do think that another squirrel should win the hand of Sally. I mean, first a hedgehog... and now a skunk?!

I have questions (al always):
1) What is Knuckles' father's name?
2) Will Athar appear in more comics? 3) What are the names of the Ancient Walkers?

If you read the previous page, then you know all about the Spac/Harvot/Knuckles Connection. Another vote for a Tails mini-series, Tails fans united! Any supporters for a Knuckles regular series, write in now or forever hold your peace. Question Over 1& 3: Their names are as yet unrevealed. 2) Yes he will.

Dear Sonic,

How's it going? My name is Ken and I'm fourteen years old. My friend, Kyle, and I found this cool trick for Sonic 3 to get up to 99 lives. Here it is: In the Launch Base Zone, when you see a siren, stand on it. Press down and A, B or C. You'll get ready to do a spin-dash, but don't let go. Flybot 167 will fly down and hit you. Your points will climb higher and higher until you finally get a 1-up. You'll keep getting 1-up lives up to 99. This is especially good if you hook it up to Sonic and Knuckles, because then you get a whole bunch of new levels and a whole bunch of lives. Is there going to be another Sonic game? Like Sonic 4?

I have the "Look and Find Sonic the Hedgehog" book with

drawings by Art Mawhinney. Great job. Art Tell everyone who works on your comic they are doing an excellent job!

I'm shakin' like a chiller-ding, Ken. The latest news is that "Victory Sonic" will now be called "Sonic 3-D" and it will be for the Genesis. The game will be out at the end of the year, as well as the comic adaptation special. Art thanks you for the kind words. Ah, look — you made him blush.

Sonic #39!**

Dear Sonic,

My friend Brody and I are your biggest fans. We know everything about you. I even heard you started out with your comic books before you came out with your video games. Guess what else I have to tell you? I'm the fastest kid in my school, almost in my community! I have a few questions to ask you: 1) Where do all your old comic books go? 2) How old are Princess Sally, Rotor, and Antoine? 3) Why don't you and Princess Sally just get the darn wedding over with? I've been waiting!!! 4) Whatever happened to "The Adventures of Sonic the Hedgehog" with Princess Sally and the other Freedom Fighters? Keep your cool, man or you'll lose it!

Douglas Penn
Austin, TX

I'm keeping it! I'm keeping it! It is the closest. 2) Sally's fourteen, Rotor's fifteen, and Antoine's eighteen. 3) Hey, don't rush and I'm still a young, handsome single guy. 4) First off... the video game came first, then the comic, then the TV show. Second, it's not on ABC anymore but it still runs on USA. Check your local listings.
